REVIEW OF THE MARKET.

Ashes—There has been a slight demand for pots within the past week; there are none, however, in the market.

For Saleratus there is only a limited demand, market well supplied.

Building Materials, of all kinds, are active, and must remain so until the supplies are equal to the demand.

There is some demand for the better descriptions of American lumber, of which, none has yet to any extent appeared in market.

Boots and Shoes, of good qualities, are active, and the supply inadequate to the demand.

Beeswax—Some small lots of western yellow have appeared in market, and readily changed hands at our quotations.

Coal—Not much in market, and the demand light; the prices are nominal; a few tons only are changing hands at $30 to $40 per ton.

Cocoa—But little in market; the demand is light at all times; small lots are selling at our quotations.

Coffee—The market is well supplied and the demand limited; frequent sales are made at auction at much below our quotations.

Candles—The market is entirely bare of all kinds except tallow; large invoices only, would reduce our quotations.

Canton Goods---The activity noticed in our last, in this description of goods has subsided, and prices for all descriptions have slightly fallen.

Domestic Goods, are in demand, and the stock is light; heavy sheetings, shirtings and printed goods would sell readily at fair prices.

Feathers---There is a demand for live geese, and all that have been offered, have readily changed hands at our quotations.

Fish—The stock on hand is not sufficient for the demand. Dry cod, mackerel, shad and salmon, would bring our quotations readily.

Flour and Meal—The market is at present well supplied with flour, but the demand is increasing, and the stock, unless other arrivals should now be added, will be insufficient to supply the demand, in that event prices would be higher, although at present they are within the range of our quotations. Corn meal is wanted in small lots at our quotations, there being but very little sound sweet in the market.

Oats are in demand and would sell readily at $2½ to $3 per bushel.

Barley—There is considerable demand for this article, and would find ready sales at $8 to $9 per sack.

Fruit—Bunch raisins of inferior quality have been sold at $4 to $5; a good article, however, would sell readily at our quotations. All dried fruits in good order would sell quickly at remunerating prices.

Brandy Fruits—For this article the demand has always exceeded the supply; all descriptions sell quickly at our quotations.

Hay—Small lots from the Islands have appeared in market, and found quick sales at our quotations.

Hops—There has been some demand for this article, chiefly for baker's use; small lots have sold at 30 a 35c.

Molasses—There is considerable demand for the better descriptions of this article. Small packages would sell readily at an advance on our quotations.

Metals—Bar iron; the stock is heavy and the demand at all times limited; sheet iron, sheet zinc and galvanized sheet iron, are much wanted for building purposes and the supplies for some time to come cannot equal the demand. The supplies o shot, pig lead and bar lead, are large, and the demand exceedingly limited.

Oils and Paints—There is a full supply of these articles, and the demand light at present.

Provisions—There is a fair demand for all prime articles of this class, and must continue until the rainy season sets in. Mess pork, hams, bacon, tongues. Bread &c. readily bring our quotations, and prices are improving.

Cheese—Is in request at from 35 to 45c.

Rice—The stock is light, and is worth from 4 to 4¼c afloat.

Salt—There is a fair supply of this article, but not in packages of a desirable size. Liverpool sack is dull—but we notice sales of 1000 20lb bags Liverpool at 75c per bag, and 230 25lb bags at $1 04¼.

Soap—The market is well supplied, the demand is limited for good browns. For fancy there is no sale—castile will not bring 10c.

Sugars—The quantity in market is light, and not sufficient to supply the demand, unless we have fresh arrivals soon prices must advance. Sales of 1000 lbs loaf at 10c.

Spices—Are dull, although the stock is small, and the seller willingly takes our quotations.

Tobacco--The market is completely crowded and the demand limited.

Teas—There is a fair supply in the market with a moderate demand.

Wines and Liquors—The market is overstocked with wines and liquors of every description except claret, and cherry cordial, these two exceptions are in request and would bring fair prices. A cargo of first grade Brandy would not bring $2½ per gallon—the same remark applies to wines.

Woollen Clothing, of every description, is in request, and sells readily at fair prices; a supply is wanted. An invoice of fine city made clothing, boots, &c., would bring large prices.

Exchange—The business for this steamer so far, has been moderate. We quote best bills on New York at par, taking Gold Dust at $16 per oz. 30 to 60 days' sight draft. We notice also that drafts for a considerable amount by parties requiring money here, were sold at 8 and 10 per ct. discount.

London; little doing; exchange 49d. 60 days. Gold dust at $16 per ounce.

Paris; transactions very limited; exchange 4f 85. Gold dust $16 per oz.

Valparaiso; drafts from 8 to 10 per ct. premium.

Gold Dust---At the commencement of the month worth about $15½, is now readily bought up at $15½, but will probably decline after the departure of the steamer.

We would repeat the remark made in our last number, that although our quotations are correct, they cannot be relied upon as a basis for future transactions, from the fluctuating state of the markets.

PACIFIC NEWS.

Saturday, Sept. 29, 1849.

Still Later from the Sandwich Islands.

In our paper of Saturday last, we announced that a rumor was in circulation that a difficulty had arisen at the Sandwich Islands, between the French Consul General and the Hawaiian government. Since that time the French frigate, the Poursuivante, under the command of Admiral Trommelin, has arrived at this port from the Sandwich Islands, which place she left early in the present month, bringing, as we learn, Mr Dillon, the French Consul, and his family, as passengers. It is said that Mr. Dillon has finally closed his mission at the Islands, and that he proceeds to France, through the United States, taking passage in the steamer about leaving for Panama.

The Poursuivante brings despatches, we believe, for Commodore Jones and for the State Department at Washington. The contents of these are of course not yet made public; but we learn from the reports in circulation about town, and which, so far as we know, are not disputed, that the transactions which took place at the Island before the French frigate left, were in general as follows: The demands of the French Consul-- the most important of which related to the importation of French brandies into the Islands, at reduced rates of duty, and to the sale of ardent spirits by French whalers visiting the ports of the Islands for refreshments---were refused by the Hawaiian government on the ground that its existing regulations on these subjects were in conformity to the text and spirit of the Treaty concluded between the French government and that of the Islands. There were, however, several other matters in issue, and the Hawaiian government we understand was desirous to submit the whole case for decision, to the Cabinet at Paris. This mode of adjusting the matter, Mr. Dillon and the Admiral did not see fit to accept. It is also understood that the Hawaiian authorities were willing to avail themselves of the offered mediation of the British Consul General in the premises---and that this also was declined by the French Consul and Admiral, who insisted upon a definite compliance with their demands by the Hawaiian government, within a brief specified time.

Such compliance being refused on the part of the Islands, the French Admiral, against the protest, as we understand, of the American Consul (the diplomatic intercourse between the Islands government and Mr. Ten Eyck, the American Commissioner, not having been resumed we believe since its suspension some months ago,) proceeded to forcible measures. The Hawaiian fort was seized, disarmed, its ammunition destroyed, and the Hawaiian flag lowered for about three days, when the French occupation of the fort ceased and the Hawaiian flag was again raised. One of the public vessels of the Hawaiian government was also seized by the French and sent off under French control, to Tahita or Valparaiso. The French authorities then left the Islands.

It appears to us difficult to understand upon what grounds this course of action on the part of the French authorities can be justified, and equally difficult to see what good or useful result of any kind has been accomplished by it. If the Hawaiian authorities were in the right in the controversy under the Treaty stipulations, then the course of the French was plainly an unjustifiable aggression upon the weak and defenceless. If on the other hand the Hawaiian government was in the wrong, why even supposing the British Consul's mediation unsuitable, could not the case have been submitted to the French Cabinet for decision, as the Hawaiian government is understood to have desired and proposed.

We hope that by the next arrival from the Sandwich Islands, we shall receive full files of the Polynesian, when we shall again refer to this subject.

ARRIVAL OF THE PASSENGERS WHO LEFT THE SHIP SAMOSETT AT SEA, AND WERE SUPPOSED TO BE LOST.--In the News of Sept. 11th, we announced the departure from the ship Samosett, at sea, of nine of her passengers, who became impatient and resolved to make an attempt to reach Monterey, then, as it was supposed, some 50 miles distant, in an open boat. The names of the individuals were, as we now learn, Rev. Samuel Morehouse and James Hart of Phil.; Capt. Van Wart, of Sing Sing, N. Y; Col. Chase, of Cooperstown, N. Y.; John Olmstead of Croton, N. Y.; Amos Brown, Dr. Small, John Evans, and John Dunn of New York. As these gentlemen had not reached San Francisco on the arrival of the Samosett, fears were entertained of their loss—especially as a severe gale arose on the morning after their departure. We are happy to announce to-day, however, that all of the above named individuals, excepting Brown, have arrived at San Francisco, after enduring the greatest suffering.—The following particulars we have obtained from Dr. Small and Capt. Van Wart.

They left the ship as stated, at about 5 o'clock P. M. of Sept. 4th. On the morning of the 5th, a severe gale arose from the N. W. but by great exertion they kept the boat free, although seas were frequently shipped. By the aid of a blanket for a sail, they made the land on Thursday morning, Sept. 6th; but in their attempt to reach the shore, the boat capsized in the surf, and they lost their provisions, guns, astronomical instruments, &c. They succeeded in saving themselves and boat, however, by swimming. They soon found themselves on an uninhabited shore, and as it subsequently proved, some seventy or eighty miles south of Monterey, with no other means of subsistence than muscles which they picked up on the shore. Four of the party, viz. Morehouse, Hart, Small and Dunn, resolved to proceed up the coast in the boat; and Van Wart, Chase, Olmstead, Brown and Evans decided to pursue their way to Monterey by land. Consequently the first named party separated from their companions with no other provisions than a small quantity of hard bread which floated ashore after the capsize of the boat. After toiling three days, and almost exhausted, they were discovered and picked up by Capt. Hoorslap, of the Sch. Gazednia, who treated them with the greatest kindness. Capt. H. carried them within 10 miles of Monterey, when they left the schooner in their boat and reached that place in safety. Four of the shore party, viz Chase, Van Wart, Olmstead and Evans reached Monterey after enduring the greatest suffering for the space of two weeks. Brown however, strayed from his companions while crossing a mountain, the first day out, and has not been heard from since. Fears are entertained of his safety.

Since writing the above we have received for publication the following article.

SAN FRANCISCO, Sept. 27th, 1849.

MR. EDITOR :—The undersigned being four of the number that left the ship Samosett in a quarter boat, and were supposed to be lost, were thrown ashore about 80 miles south of Monterey, three weeks since, and arrived at Monterey after a toilsome and harrassing march of fifteen days, in a most wretched and starved condition, having nothing to eat during that time but such muscles as we could find upon the rocks. Having now arrived in this city we would express in this public manner the gratitude we feel towards those gentlemen in Monterey, who so generously assisted us :—particularly Mr. Stephen Wright, Rev. Mr. Donglass, Capt. Fisher, Mr. Murphey, Doct. Cooley of Pueblo and others whose names we do not remember. We feel the more deeply indebted for their kindness as it was unsolicited, and contrasting as it does so strongly with the unkindness of the Governor at Monterey, Gen. Riley—also of the captain of ——— who refused to bring us to San Francisco in his vessel, although we offered to pay our passage.

We regret to announce that one of our party, Amos Brown, a young man from New York, was lost in the mountains, and we fear is dead.

Wm. Henry Chase; Edward Van Wart; John S. Evans; John B. Olmsted.

SKETCH 1.

SACRAMENTO CITY—THE PACIFIC NEWS—ITS LARGE SALE—BUILDINGS—LEADING STORES—NEW ARRIVALS—NUMEROUS AUCTIONEERS—AN ITINERANT FIDDLER—THE MINERS—A DEATH BED SCENE.

By "In Cog."

I know not whether these few lines will be of any interest either to yourselves or your readers, but finding a few moments of leisure on my hands (a *singular* fact in this excited country!) I have determined to give you the benefit of my cogitations, feeling perfectly secure in my being "*incognito*" both here and at San Francisco.

Your valuable paper, "Pacific News," pleased me much and the people generally a great deal more. It sells much and is sought for with great "gusto."—Does it not speak volumes for the enterprise of the American people! and of the growing interests of San Francisco?—Why, before next spring, we shall have the news-boys taking their coffee and eating their cakes in *Ann street*, San Francisco, and crying "here's the extra 'Pacific,' extra 'Alta Californy,' &c. But joking apart, your paper is beautifully got up, and editorially speaking, capitally written, and you are bound to succeed. But my excellent friends (excuse my familiarity) you have no idea of the rapid progress of this place. It is really astounding. I was one of the first here, and only three or four months since, and then but *one store*, and a tent or so, was to be seen, and now, as by the enchanter's wand, have sprung up "Tremont Houses," "St. Charles Hotels," "Oregon Houses," "Placer Exchange," "Bowling Saloons," "Houses of Evening Refreshment"? and sundry other unmentionable places. The beautiful river from which the city takes its name, is filling up fast with ships, barks, brigs and schooners, and a forest of masts can already be seen by the banks of the stream, giving to the town a bustling business-like and go ahead appearance. On Front street the busy draymen are driving their teams too and fro, each man making his thirty to forty dollars a day, and the dust kicked up in this vicinity by the immense quantity of carting here done, would put out any ordinary man's eyes. Hundreds and hundreds are daily pouring in from the plains, and the sight of jaded mules, broken down cattle, and antiquated looking wagons, on the prairies, is ludicrous in the extreme.

The theatre is well nigh completed, and is really a beautiful building—whether it will be patronized, remains to be proved. They have had at the "round tent" an itinerant fidler, whose dismal voice, and worse playing can be heard nightly by the frequenters of the place. His favorite song being "Mary Blane," he always wound up the evening's entertainments with this melody. The weather is now pleasant. The mornings and evenings are cool and delightful. The accounts from the mines various—some coming to the Embarcadero with their pockets lined with golden flakes, and others, jaded and woe-begone. Such is life—we have all our ups and downs—all, our pleasures and our sorrows! and oh! what a country this, for the study of human nature! how the better, and worse portion of a man's character stands out; here are the rich, the poor, the believers and the unbelievers. The Jew, the Christian—all—all in pursuit of gold—and that literally the God of their idolatry! Oh! I have witnessed some scenes here, so startling and appalling, that pierced my very soul with iron—I mean the death beds of some, who had fallen from the faith, and who had given up the God of their fathers, and ran pell mell with the rest of the crowd of blasphemers, swearers, and Sabbath breakers, in this profligate, sinful and astounding country! Oh! the look of despair *one man gave*, as, with his parched and feverish lips, he tried to speak, and could not! but summoning all his strength, he said—"Oh! can I find mercy?" Oh! my dear wife, my dear wife, could I but see you *now*, only for one moment! But God has cut me off, *and will not hear me!* and he died. He had at home been a member of a church, but had given himself up to drinking, which brought on the disease of which he suddenly died. But I fear this uninteresting letter has been *spun* out too long. Should it be of any service as a few "inklings" of *doings* here, and should you feel disposed to hear again from your unknown correspondent, you will signify the same by holding up your ☞

DANGEROUS PRACTICE. We would call the attention of the government of San Francisco to a practice wuich is becoming dangerous in the extreme, viz. the firing of guns and pistols, loaded with balls and buck shot, in our very midst. Within a few days past we have heard of several instances where human life has narrowly escaped sacrifice by the inconsiderate discharge of guns, loaded with balls, which have whizzed about the heads and ears of our citizens who happened to be passing in the vicinity—and one gentleman has exhibited to us a slug which dropped within a few feet of his person. An ordinance, if there be none already, should be passed, inflicting a heavy penalty upon every person who shall discharge a gun or pistol within one mile of the public square in San Francisco, except in public defence.

NARROW ESCAPE—GREAT CARELESSNESS. A gentleman, passenger on board of the ship Elizabeth Ellen, of New York, has left at our office the remnants of a case which contained various preparations for testing gold, put up and sold by J. Roach, of New York. This case, (which was about 8 or 10 inches square, and partitioned for the accommodation of the bottles. &c., but destitute of any metallic lining, or outside covering,) is nearly burned up, the same having been discovered in this condition when a larger box in which it was placed with other goods was opened, after landing from the above named ship one day during the present week. During the voyage the acid probably escaped from one of the bottles, and setting fire to the case nearly consumed it and seriously damaged other goods in the box, but was fortunately extinguished before setting fire to the ship, owing to the air-tight closeness, it is supposed, of the box. We thus see how much danger we are sometimes placed in by the inexcusable carelessness of others. The box may be seen at our office.

P. S. Since writing the above, we learn that the box in which the "gold tester" was packed, contained several pounds of powder.

Police Intelligence.

SAN FRANCISCO, Sept. 26.

Tom More, (not the poet) seaman, was arrested for being very particularly drunk, was reprimanded by the Alcalde, and discharged after spending a very pleasant night in the "school house."

George ——— was arrested for assault and battery; admitted to bail on his own recognisance.

James Robinson, a colored man, was arrested for assault upon Captain Cook, of the ship Flarius. Robinson says "he offered to strike the Captain, but did not do so, and the Captain had him arrested for not striking him;" he said he considered himself a "brick," and did not mix at all with the colored population, and drank nothing but port wine sangarees, with sugar in them, and held the captain personally responsible for his arrest.

Hugh Owens, arrested by officer Henley, very considerable, particularly drunk; confined in the station house for the night. Fined five dollars and discharged. This is the person who got drunk while sitting as a juryman on Daniel's trial for murder.

John Jarly, arrested by officer O'Neil, very drunk, but quiet; was discharged in the morning.

Bartholomew O' Donohue and another Irishman who refused to give his name, was arrested on the square, by officer Ferris.

Barmore and Henley while fighting, when the officers interposed to stop the fight, they allowed there were not policemen enough in the town of San Francisco to take them to the station house, but these distinguished representatives from the Emerald Islands soon found their mistake; they were reprimanded by Capt. Fallen and discharged, filled with indignation.

Head-Quarters, 10th, Mil. Department.
(Orders No. 33.)

Representations having been made that many of the New York Volunteers, entitled to transportation home, under the instructions of the Secretary of War, of October 9th, 1848, have failed to make their applications within the limits fixed by department Orders No. 25, current series, in consequence of their being at distant points, where the fact that these instructions had been given was not known, information is now given that the limit fixed in the order above referred to, is hereby extended to the first of December next, until which time, unless contrary instructions should be received from the War Department, transportation will be furnished to such as have been prevented, by sufficient reasons, from making their applications in due season.

Applications will be made to the Quarter master, at Department Head-quarters, Capt. E. K. Kane, who will cause the applicants to be enrolled upon their furnishing satisfactory evidence of their discharge from Col. Stevenson's regiment, and the customary transportation to be furnished so soon as the interests of the service will permit it.

Applicants will state the reasons that have prevented their making application in due season. The Quarter-master will judge of the validity of these reasons, and give sufficient notice of the sailing of any vessel on which transportation will be furnished.

NEW AMERICAN THEATRE.—The undersigned having purchased a suitable and commanding site upon Portsmouth square, will immediately proceed to the erection of an elegant and commodious building, to be devoted to the drama.

Having secured the valuable services of Mr. A. W. Fenno, he will assume the sole management. Mr. F.'s high professional standing, and the experience of many years in the management of several first class Theatres, is a sufficient guarantee of his ability to meet the views and wishes of the public *Mr.* F. will return to the states for a full, efficient, and talented "corps dramatique." Negotiations are in progress, to procure a splendid company of spanish dancers, and the Theatre will be opened as soon as practicable.

The want of a place of intellectual amusement has been long felt, and the proprietors are confident that the establishment will be conducted in such a manner as to meet the approbation of the most fastidious. A building will be erected that will be an ornament to the city, and an offspring of the soil, being built of California wood—*native* talent, of which the American stage is justly proud—will be warmly cherished, and every effort made to secure the best artists of the United States and Europe.

The undersigned having invested a large outlay of capital, rely with confidence on the liberal support of all classes of their fellow-citizens.

Plans and specifications for the erection of a Theatre 50 feet front by 84 deep, will be received at the office of *Messrs.* Adler & Chapelle, court house, Portsmouth square, from 10 A. M., until 3 P. M., until the 25th of september.

san Francisco, sept. 7, 1849. ix cu*

CAUTION.—Whereas, one J. A. Sutter has published a notice, in which he claims title to the land on the east bank of the Sacramento river, between the Feather river and the American Fork, I hereby notify the public that I am the only legal owner of the said land, under a warranty deed from J. A. Sutter himself, dated Aug. 10, 1848; and I therefore caution all persons that no legal title can be acquired to the same, or to any portion thereof, except through me. Justice to myself requires me to add that I shall hold the said J. A. Sutter legally responsible, both for the libel on my character, and the slander of my title, which his notice contains; and that if its publication is the result of a conspiracy to defraud me of my property, I shall take care that the offenders be brought to justice as soon as a criminal court before which they can be tried, is legally organized in this territory.

Any person desiring to satisfy himself of my title to the above land, is invited to call on S. Brannan & Co., at Sacramento City, or on the undersigned, at the counting room of E. Mickle & Co., Clay street wharf, san Francisco. HIRAM GRIMES.

NOTICE TO SQUATTERS.—The undersigned begs leave to caution the public in general against squatting upon his farms or ranchos, as follows: One farm on the river Sacramento, extending to the mouth of Feather river and American Fork, known as *Rancho del Passo*.

Also, two ranchos on the San Joaquin river; one of 3 leagues, granted to Don Hernandez by Gov. Micheltoreno, and adjoining the same; being one undivided half of 8 leagues granted by Gov. Micheltoreno to Balentine Heguira, near the Pueblo pass.

All persons are hereby notified to abstain from taking possession of any portion thereof, at the peril of being proceeded against according to law.

TOWN OF BOSTON.—Lots at the town of Boston, beautifully situated at the junction of the American Fork and Sacramento rivers, are now offered for sale. The town of Boston is only a few hundred yards above Sutter's Embarcadero, on the north side of the American Fork, and in the immediate vicinity of the gold mines, and from its situation possesses superior advantages for business purposes. The land which forms the site of the town is twelve feet above the highest water mark, and the river is twenty-three feet in depth at the banks. It is believed that no place offers greater inducements for investments than this town, as in addition to the above mentioned advantages it has a fine climate, good soil, with an abundance of excellent water, and is free from inundation at all seasons. The town has been surveyed by Mr. J. Halls, and laid out in a convenient manner, and a plan of it can be seen, and any other information relating to it obtained on application to HIRAM GRIMES,

NEW YORK OF THE PACIFIC.—The City of New York, of the Pacific, situated at the head of ship navigation upon the bay of Suisun at its junction with the rivers Sacramento and San Joaquin, has been most accurately surveyed by Captain R. P. Hammond, U. S. A., and laid out in the most beautiful and convenient manner, and maps have been prepared by E. H. Rowe, Esq., engineer and land surveyor, pointing out clearly each and every lot within the surveyed limits of the city, and the proprietors now offer them for sale to the public. Along the entire water front of the city, a public street is laid out one hundred and fifty feet in width, beyond which no ground will ever be sold, and the proprietors therefore guarantee to the purchasers of all lots fronting on Water street, that no building shall ever be erected between their purchase and the water. There is no point along the entire water front of the city at which vessels of the largest class cannot lay within thirty feet of the bank of the river, and there are but few points where a large class of vessels cannot come immediately to the bank and discharge their cargoes, and at all points where this cannot be done, wharves will be built by the proprietors as soon as materials for building can be procured. The centre street of the city running North and South is one hundred feet in width, and all the other streets seventy-five feet; the lots are fifty feet front, by one hundred deep, and there is not a lot within the survey unfit for building purposes.

There are three public squares laid out within the survey, which will be given to the city, and the proceeds of the sales of all the lots fronting on the squares will be appropriated to the erection of public buildings. The titles to this property are perfect and complete in every particular.

There will be established immediately at the city a record office in charge of a competent official person authorized to take acknowledgements and record deeds, and where the original title deed to this property will be recorded, and where it is desired that all deeds for lots purchased should be immediately recorded.

The purchasers will be required to make improvements within a specified time.

The advantages of the location of this city over any other above San Francisco, are too well known to all who have either passed up the river Sacramento or San Joaquin to require any comment from the proprietors; but to all persons who have not had the opportunity to examine the site, we say that there is not in all California a point combining so many advantages for business purposes, with the advantages of a fine, healthy climate, dry soil, free from inundation, at every point, throughout the year, a superior harbor for vessels of the largest class, and an abundant supply of pure water at all seasons. To these advantages, we will add that permanent arrangements have been made for two steamers to commence running in all the month of August daily from San Francisco to the new city; and also two steamers of very light draught of water with tow boats prepared to navigate the Sacramento and san Joaquin, and their tributaries, from New York, below which they will not come. For lots or any information connected with the city of New York of the Pacific, apply at the office of the proprietors in Portsmouth square, san Francisco, and at the city of New York.

TOWN OF SUTTER.

(LATE SUTTERSVILLE.)

This town has has just been re-surveyed and laid out by Lt. J. W. Davidson, of the U. S. A., and lots therein are now offered for sale here, by the subscribers, and at the Town by George McDougald & Co. This town is beautifully situated upon the east bank of the Sacramento, within about two miles of Sutter's Fort, having a fine road leading therefrom direct to the mining region, and is some six miles nearer the mines by this road than any other embarcara point upon the river. A direct road is also being made on the opposite side of the river, which will, when completed, save 74 miles land travel to the mines. The locations upon the river banks for business purposes are never subject to overflow by the highest water known on the river, and the high ground back is the most desirable location for a residence of any point that can be selected upon the banks of the Sacramento.

TOWN OF SANTA CRUZ.

The survey of this Pueblo, one of the oldest in California, has recently been corrected and mapped by Lieut. Williamson, U. S. A. It is situated in the Bay of Monterey, and presents more advantages for an agreeable residence than any other in California, for it is well known that at no part of the whole country is the climate purer, water better, soil more fertile, and where so unlimited a supply of lumber and timber for building and fencing purposes can be procured at prices nearly as low as the United States. The town and planting grounds are laid out in lots of 50 varas square, a large number of which are now offered for sale at very moderate prices by the subscribers.

SAN FRANCISCO.

Some of the most desirable locations for private residences or business purposes in this town, can be purchased or leased of the subscribers.

Maps of the city of New York of the Pacific, the towns of Sutter, Santa Cruz, and san Francisco can be seen at the Land Office of the subscribers on Clay street, south side Portsmouth square.

G. H. BEACH, *General Commission Merchant, wholesale and retail, and Agents for the Tri-Weekly Mail Packet Line*, on the rivers San Joaquin and Sacramento.

Those seeking passage and shipping freight will find advantages by this line, being made up of 7 the finest and fastest sailing American clipper built schooners—which number enables us to send a vessel as often as every other day.

The subscriber has just received per shipments from the States, a very general invoice of clothing, groceries, provisions, tin, wood and hardware, drugs, patent medicines, paints of all colors in oil and dry, English boiled oil, leads in oil, putty, turpentine, varnishes, brushes, glue, chalk, lamp black, cot bedsteads, ready made doors, and sash with glass sets, chairs, tents, barley, flour, hemp and Manilla rope.

As, also, another invoice of that *never failing remedy for Chill and Fever*, intermittent, and all other bilious diseases, *Osgood's India Cholagogue*. Remember, the genuine article that has cured so many cases without one failure is OSGOOD'S, all others are mere imitations—*Osgood's India Colagogue*, (not Canchalagna.)

Goods retailed to Families, Miners and Mariners.

CHARCOAL and WOOD may be purchased of the subscriber on and after the 28th of this month.

TO PERSONS GOING TO THE MINES—The subscribers have erected a large Warehouse at Culloma, on the south fork of the American river, where they have now on hand, and are daily receiving, an extensive assortment of Provisions, Mining Implements, and every article needed by the miner, which are offered at wholesale and retail, as such prices as will make it the interest of all to purchase there, and thus save the great trouble and expense of forwarding.

Our partners at San Francisco, Messrs. Simmons, Hutchinson & Co., being at all times in the market, our goods are purchased at the lowest rates—forwarded by their line of packets to Sacramento City, and from thence to Culloma by our own teams; consequently can be sold at as low rates as those of any other house.

We have also established branches of our store at several points on the North, and Middle and South Forks, to which our pack animals are running daily, enabling us to forward letters and packages to our customers immediately on the arrival of the steamers.

Bills of Exchange on New York furnished, and dust forwarded at the lowest rates.
